

Mamata Banerjee leads a state riddled with Terrorism, Human Trafficking and Ethnic Cleansing

In single minded pursuit of power at any cost by appeasing radical Islamists for vote banks, Mamata Banerjee, Chief Minister of West Bengal has created a State that has emerged as a **Terror Hub of India**. Several investigations of terrorism, money laundering by her senior party members are being conducted by India's security agencies. As per UN report 28,000 minor girls per year are human trafficked from her state and as per media reports, girls and women are bought and sold as cattle in some places. She has unleashed a culture of 'rape jihad' where officers who investigate rapes are insulted, shifted out and her party members openly threaten with rapes those who oppose them. Also the almost daily riots across the state are causing major ethnic cleansing of Hindus that is unprecedented in India's post-independence era causing exodus across 32,000 villages. Under her leadership West Bengal is rapidly becoming epicenter of ISIS type ideology that threaten not only India but the entire world. **Any investment into her state is an investment into terror.**

Terrorism

- 1) Mamata nominated Ahmed Hassan alias Imran, founder of banned Terrorist Organization SIMI (Student Islamic Movement of India) in India as a member of Rajya Sabha (the lower house of Indian parliament) causing concern for India's security agencies. Imran is being investigated by India's National Intelligence Agency (NIA) for his terror links, funding of jihadi activities and money laundering. He is also prime instigator of major riots against Hindus in the state intended to cause ethnic cleansing of Hindus.
- 2) Bangladesh Prime Minister recently requested Indian Prime Minister to look into links between Mamata's Political party Trinamool Congress (TMC) members and banned Islamist Organization in Bangladesh Jamaat-e-Islami, known for its bloodbath during the country's birth and for its attempts to subvert her Government.
- 3) A recent accidental bomb blast took place during bomb manufacturing in a house owned by TMC leader Nurul Hasan Chowdhary. If it had gone ahead as planned it would have caused carnage affecting hundreds of thousands of people across many areas. The police department headed by Mamata Bannerjee deliberately destroyed evidence so that the connections between Jihadis and her party members are not revealed. Police found Taliban videos and 50 explosive devices.
- 4) The National Intelligence Agency has revealed that her party TMC patronizes Bangladeshi jihadi organizations by diverting funds generated through various Ponzi schemes to fund several jihadi modules in the sates of West Bengal and Assam in India.
- 5) Indian Government is investigating the 'Saradha' Ponzi scheme where \$4-6 billion dollars from 1.7 million investors were siphoned off duping the investors. This fund is alleged to fund her party's elections and is closely connected to Imran. He used Jihadi Organizations to transfer money collected from poor investors in India to Bangladesh and then transfer to European banks. India's security agencies are investigating if this money also made into hands of Bangladesh terrorist organizations causing instability in Bangladesh and terrorism, human trafficking and ethnic cleansing in West Bengal.

Human Trafficking, Sex Slavery & Rape culture

- 1) [As per UN Report 28,000 women and children went missing](#) in West Bengal in one year and Mamata's Government refuses to give the latest numbers to the Central Government. When hapless parents of kidnapped minor girls go to report to police, they refuse to even file the case.
- 2) As per [Media report](#), there are parts of West Bengal where women and children are bought and sold like cattle. Local gangs who are patronized due to their ability to bring votes, human traffic women and girls and even kill them with impunity. Police take orders from these thugs who move around with body guards.
- 3) UK investigator Ross Kemp, report in Daily Mail (21st Jan 2014) and Telegraph (27th May 2014) wrote about [20,000 girls going missing](#) in West Bengal each year and about interviewing a [local thug, 'Khan'](#) who boasted of having human trafficked thousands of girls and said he lost count of how many girls he killed.
- 4) A non-Muslim girl in the state can be easily raped and human trafficked in many parts of West Bengal with impunity. In fact, Mamata Government has unleashed a 'rape jihad' where [honest officers are harassed](#) because the culprits bring votes to the party. In fact, party members even [threaten with rapes publicly](#) to those who oppose them. In response to media reports of increased rapes under her rule, Mamata [responded](#) "rapes happen because men and women interact freely".
- 5) Mamata repeatedly dismissed even the most gruesome rapes by calling them as '[Staged events](#)' and deliberately slowed investigations. In fact, State High Court [trashed the charge sheet](#) the state filed against culprits who gang raped a girl, tore her legs apart until navel, slit her throat & dumped her off the street.
- 6) Even non-Muslim Christian minorities are being subjected to rape and investigations against the rapists are being obstructed by the state machinery when the perpetrators of these crimes happen to be Muslims. The gang rapes of [Suzette Jordon](#), Anglo-Indian girl and a nun are prime examples.
- 7) India's Delhi police busted multiple [human trafficking rings](#) by West Bengal thugs who lure, kidnap and sell girls [for 60,000 Rs/- \(967 US \\$\)](#) to red light districts around the country and to Middle East.

Ethnic Cleansing of Hindus

- 1) There were [34 large and small known incidents](#) of organized riots against Hindus where hundreds of homes and businesses destroyed, people killed and all done with complete impunity to the local thugs.
- 2) Under patronage of Mamata's party TMC, local thugs with arms are causing unprecedented exodus of Hindus across 32,000 villages where they constitute a minority. Middle class Hindus have left leaving the poor, Hindus to bear the brunt of Islamic ethnic cleansing.
- 3) Mamata's party TMC Rajya Sabha member Ahmed Hassan alias Imran is [prime instigator of riots](#) of Feb 21st, 2013 where 200 Hindu homes were burnt in several areas across West Bengal.
- 4) Last month, just in a matter of 3 weeks there are [4 reports of riots](#). There are riots almost daily across 32,000 villages of West Bengal.
