हिंदुओं को जगाने के लिए अब इस पुस्तक का ही सहारा है।

Snakes in the Ganga unveils uncomfortable truths concerning India's vulnerabilities. Intense warfare against India's integrity is the work of well-orchestrated global machinery applying Marxist ideology of Oppressor and Oppressed to culture and civilization. Critical Race Theory in U.S. academia serves as the framework to address America's racism but is recklessly mapped onto India. Caste is equated with Race and marginalized communities of India are considered blacks, and Brahmins as the Whites of India. Groups claiming grievances are artificially clubbed together. These conflation create dangerous untruths about India that ultimately can dismantle Indian civilization and its heritage by waging an uncompromising war against India's government, educational institutions, culture, industry, and society.

This program will also educate attendees about their responsibility and specific actions that they can take to help Rajiv Malhotra in his mission to defeat such forces that are undermining the existence of one of the great civilizations that ever existed.

There is no admission charge and Indian lunch will be served. Rajiv Malhotra's book *Snakes in the Ganga* will be available for purchase and there will also be a Q&A session.
